

NIEDNER RH

THE MOST CAREFREE SOLUTION

Since 1895, NIEDNER has been redefining the flexible hoses industry by creating lighter, more versatile lay-flat hoses to overcome all kinds of challenges. What makes industries around the globe trust NIEDNER's solutions is first and foremost the high quality of the products. The hoses have been engineered to stand up under the most demanding applications, including intense heat and abrasion.

DESIGN

Built for the fracking industry needs, this hose is maintenance free and will not absorb liquids during operations. This T.P.U. extruded through-the-weave hose is abrasion and puncture resistant. The reinforcement jacket is made with 100% polyester for a maximum durability.

HIGHEST LEVEL OF QUALITY

NIEDNER maintains the highest levels of quality in the design, manufacturing, and testing of all our products. As a result, our solutions exceed recognized international standards.

UNIQUE SERVICES

Our solutions have many advantages, including our unique services and our engineering support, which is second to

Highly safe hose

Corrosion and maintenance-free

Short lead-times and quick to install

Reusable

Available in various lengths

Increased resiliency

Commitment to the environment

FEATURES

- No bunching and twist issues.
- Maintenance free
- Flexible even at low temperatures
- No absorption
- Chemical resistant
- Maximum flow
- Abrasion resistant
- Puncture resistant

OUR PRODUCT LINE CERTIFICATIONS

NIEDNER's solutions are certified by accredited independent institutes
